## Building Starts on our New Wing

This month building began at Po Kwong, as the new wing of our school starts to take shape. It will be a long process, but we are all very excited to see how it looks when it is finished.

The building work has changed things in the playground, and that means that we have less space during recess. We can still play basketball, but we must be careful. It is also very noisy sometimes.

So far, you have all done a great job at dealing with these changes - well done! It will all be worth it when the building work is finished and Po Kwong has a fabulous new wing to the school.

Above: builders & big machines.  
Left: our playground looks a bit different.

# Life-Wide Learning Day in TST

On our Life-wide Learning Day on 27<sup>th</sup> March, we went to Tsim Sha Tsui. First, we visited the Avenue of Stars. There were movie stars' handprints, and some of my classmates compared the size of their hands. Finally, we went to the bookshop to do some reading and learning. We also used the computers for entertainment. This was an amusing and interesting experience.

This article is the first to be written by one of our students. Thank you and well done to Kit.

# Easter Egg Hunts in English

Students celebrate finding the chocolate Easter eggs!

Some students enjoyed searching the school for Easter eggs this month.

First, they had to read clues about where the eggs were.

This helped them practice words like 'under', 'behind', 'in', and 'on'.

At the end of the lesson, they got to enjoy eating a chocolate Easter egg. Yummy!

Let's hope we can enjoy an Easter egg hunt every year!
